

DISSEMINATION OF STATISTICS

2 November 2015, Yerevan

THE MISSION

The mission of the National Statistical Service of the Republic of Armenia (NSSRA) is to collect, publish and disseminate official statistics for public use.

The principles of dissemination of statistics

- ❖ “Fundamental Principle of official statistics” endorsed by UN Resolution from 29 January 2014
- ❖ International criteria and standards developed on the basis of principles defined by the European Statistics Code of Practice (25.05.2005), particularly: relevance, timeliness and punctuality, accuracy and reliability, coherence and comparability, accessibility and clarity

Standards

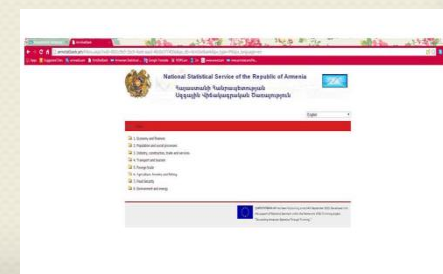

- ❖ Generic Statistic Business Process Model (GSBPM)
- ❖ Special data dissemination standard (SDDS) established by International Monetary Fund (IMF)

Main means of dissemination

- ❖ The main means of dissemination of statistical information is the official webpage of NSSRA: <http://www.armstat.am> (mirror webpage: <http://www.armstat.info>), as well as <http://www.armstatbank.am> and <http://www.armdevinfo.am>
- ❖ The majority of statistical publications of the NSSRA have paper print version and are released according to the Programme of the current year and in accordance with Release Calendar of Statistical Publications under this programme.
- ❖ All publications are available for users at the same time

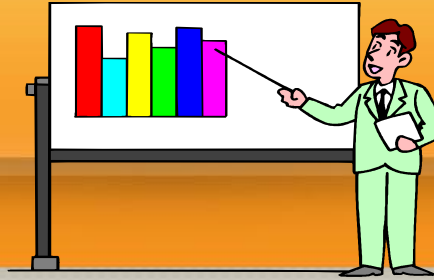

[illegible]

- Other t
- 
- Three black silhouettes of people are shown from the back, standing on three colored circles: red on the left, green in the center, and blue on the right. The person on the left is a woman in a dress and heels. The person in the center is a man in a suit. The person on the right is a man in a suit. The background is white.
