

## How to reset your password

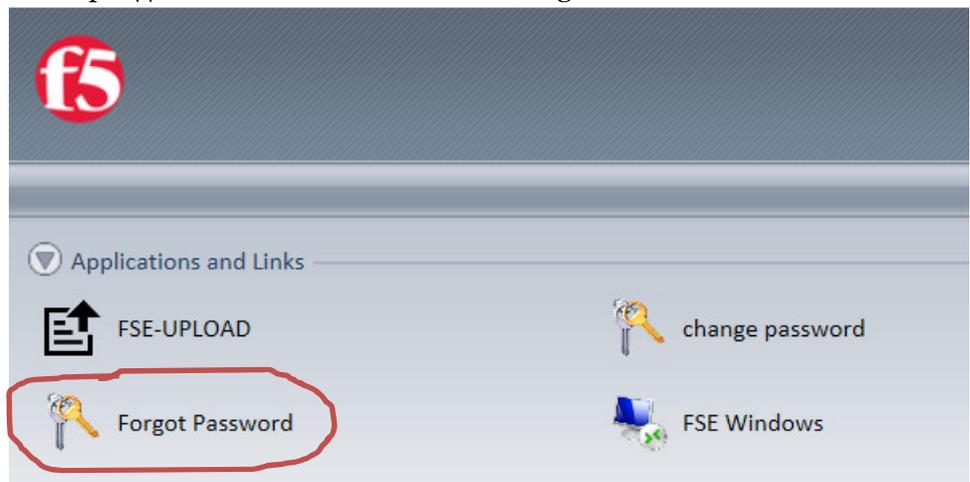

You may reset the password to a project of yours in the Research Facility at Statistics Denmark. You will receive a new password via email.

Log in to  
<https://remote.dst.dk>

To reset the password to one of your projects, you must first log in to <https://remote.dst.dk> using your Researcher username (3-4 characters) and PIN code as usual.

Click [Forgot Password]

On <https://remote.dst.dk> click the icon "Forgot Password".

Click [Reset] for relevant project(s)

You will see a list of the projects you have access to. Click the "Reset" button next to each of the projects for which you would like to reset the password.
